

PROVIDING GLOBAL ACCESS TO QUALITY MEDICAL CARE

M E D I C A L K I T S

Imres has the ideal medical kit solution for every international relief programme

imres

In times of crisis and disaster, basic human needs like cleanliness may seem trivial, but meeting these needs can go a long way towards relieving stress and suffering.

Being prepared to help people feel as comfortable and as "normal" as possible is an integral element of disaster and crisis relief. The Hygiene Kit offered by Imres is the ideal solution for this, and should form an essential part of every emergency kit. Being able to maintain their basic hygiene and cleanliness is not only important for the psychological wellbeing of people in distress, it also helps to prevent the spread of infectious diseases.

The Imres personal hygiene kit meets the basic needs of adults and children, providing quality, care and comfort to those who receive it. This kit comes in a convenient package and supports the hygiene requirements of a family of five. Because we keep hygiene kits in stock, Imres can respond immediately to the need for them, anywhere in the world.

QUALITY

We do not take any chances when it comes to the quality of the products that we supply, and to safeguarding the health of patients. Imres has implemented an uncompromising set of quality controls. Our extensive database of quality suppliers and product combinations enables us to cater for every medical supplies need that our customers may have.

ONE-STOP-SHOP

While more than 35 years of experience has enabled us to identify the best and most reliable suppliers for each of our products, Imres strives to continuously improve, expand and innovate. We constantly source new products and suppliers. This ensures that we keep our range up to date, and that we consistently provide our customers with the best prices, products and quality.

THE IMRES DIFFERENCE

Over more than **35 years**, Imres has proved that we are a **reliable, efficient and trusted partner** in **healthcare strengthening programmes** in developing countries.

As an organisation, we are big enough to **make a difference**, but small enough to give our customers personal attention, and to care about the difference that we are making in lives and communities, and in our partners' health projects.

We have **offices** in the **Netherlands, Dubai, India, Canada, China** and the **Democratic Republic of Congo**.

Our **production areas** include a GMP room for secondary packing and a **Class D clean room** for primary packaging, as well as a **450 m² kit production area**. As a supplier, we do not make promises that we cannot keep. If we commit to a project and specific deliverables, it is because we really can deliver, as promised.

Like the projects that we are **proud** to be part of, Imres has heart. We are good at what we do, but we also feel good about what we do. We feel responsible for our partners' projects until each one ends **successfully**.

Then we move onto our **next challenge**; our next opportunity to turn humanitarian dreams into **concrete solutions** and **decisive action** that saves lives.
